Product Overview

The Amsco Century Small Sterilizers are designed for sterilization of materials used in healthcare facilities. They are available in two configurations:

Gravity – designed for sterilization of heat and moisture-stable materials and sterilization of items intended for immediate use. Gravity sterilizers are equipped with gravity and flash cycles.

Prevacuum – designed for fast, efficient sterilization of heat and moisture-stable materials in addition to the same sterilization capabilities as a gravity sterilizer. Prevacuum sterilizers are equipped with prevacuum, gravity, flash, express, leak test and daily air removal test cycles.
